Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

Dear Health committee members.

I would like to voice my opposition to assisted murder. As is proven in Holland and other places, the slippery slope is real. Yes, but it wouldn't happen in Australia? I heard that with other issues and got proven wrong. Time and time again, Australia has proved to be just as susceptible as the rest of the world to drift further and further into the rabbit hole.

We are rapidly moving back into the dark ages that had similar practices. So much for evolving in better people.

Sincerely
Paul Victor

Sincerely,
Paul Victor
