Subject: I oppose the "Voluntary Assisted Dying" Bill

Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

The Queensland Labor Government has tabled a 'voluntary assisted dying' Bill which is really an assisted suicide Bill which is due to be debated and voted on in September. I hereby want you to note that I am opposing this assisted suicide Bill, and would rather see more supportive mental as well as physical care to the elderly, and thus saving lives.

Sincerely,
Estelle Logan
