Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

The Voluntary Assisted Dying Bill is a very dangerous Bill which would lead to extra deaths in Queensland every year.

It would incorrectly include people in the following categories; wrong diagnosis, wrong prognosis, coercion, elder abuse, untreated mental anguish, or because they had little or no access to palliative care specialists and felt they had no other choice.

There are also serious concerns that as in Victoria there would be an increase in non-assisted suicide rates.

I am strongly opposed to this Bill.

Please note that I do not wish to have my name or details published.

Sincerely,
