**Subject:** I oppose the "Voluntary Assisted Dying" Bill

Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

I oppose this bill wholly. This legislation if passed will be an open slather to kill any person against their will on the say of doctors who are not even qualified in palliative care or have any respect for human life. The bill reeks of evil. Leave LIFE up to God not politicians.

Sincerely,  
Lloyd Eickenloff
