Subject: I oppose the "Voluntary Assisted Dying" Bill

Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

Dear Members of the Health Committee,

I do not believe anyone has the right to say "who can be put to death" by so called "voluntary assisted dying which is a deceitful phrase for murder"

I am a Palliative Care Volunteer Carer with a very compassionate and caring organization which gives people pain free and excellent end of life care so that a person can "die with dignity". Therefore I am opposed to this assisted suicide Bill.

Sincerely,

[REDACTED]

PS. I do not wish to have my name published, thank you.

Sincerely,

[REDACTED]
