Subject: I oppose the "Voluntary Assisted Dying" Bill

Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

I am writing to express my opposition to the Voluntary Assisted Dying Bill currently before the Queensland parliament.

I think this this bill is an abomination. If doctors can even raise this proposition with patients, how long before someone with a terminal illness will be forced to accept euthanasia?

Please reject this bill

Yours faithfully,

Helen Irwin

Sincerely,
HELEN Irwin
