**Subject:** I oppose the "Voluntary Assisted Dying" Bill

Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

I am apprised to the voluntary assisted dying bill for the following reasons:  
Queensland Health only has 134 dedicated palliative beds.  
Queensland already has almost the highest suicide rate in Australia.  
Increase funding to palliative care rather than killing those who need our care and protection.  
LyndenevEdwards

Sincerely,  
Lyndene Edwards
