**Subject:** Dying with Dignity Legislation

Hello,

It is time to pass this much needed legislation in Queensland to enable those of us who desperately need and want to pass away peacefully to do so at the time of our choosing.

Just knowing that we have this control in the continuing or ending of our lives has actually kept some of us going.

The awfulness of being helplessly forced to live on through an agonising torture is inhumane and unnatural.

Let there be dignity in dying. Do your part. Lets get this legislation through.

Regards

Jen
