Subject: I oppose the "Voluntary Assisted Dying" Bill

Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

I am totally against legalising of Euthanasia (Voluntary Assisted Dying Bill). There should be more funds injected into Palliative Care areas rather than spent on Euthanasia. My dear Mother received Palliative Care whilst in a Nursing Home 13 years ago and she remained quite comfortable, rested and happy, despite her cancer.

I also feel if this Bill is passed through Parliament, it would entice people to end their lives if they were experiencing severe trauma, acute sickness and mental health issues, especially our younger generation.

As a Christian citizen, I recommend the Euthanasia "Voluntary Assisted Dying" Bill is not passed through Parliament and NOT be legalised.

Yours sincerely,
Paula Whalley

Sincerely,
PAULA WHALLEY
