Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

I vehemently oppose the voluntary assisted bill in the works.

One of the reasons is falsifying the death certificate. Surely that's a criminal offence? I've never heard anything so ridiculous.

Another point is that faith based hospitals have no refusal rights to have their patients euthanised. This bill would seriously undermine the values of faith based hospitals!!!!!!

Who comes up with these inane legislations? Their time would be better spent looking at ways in which to combat poverty. Look into feeding the homeless.... I find it inconceivable that I have to waste my time writing to parliament in order to NOT HAVE THIS BILL PASSED OR GIVEN THE TIME OF DAY !!!!

Sincerely,  
Wendy Schipper
