Subject: I oppose the "Voluntary Assisted Dying" Bill

Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

Dear Health Committee Members,

I oppose the Voluntary Assisted Dying Bill for the following reasons:

1. The God of Creation of all living things has declared that to take a human life or to assist in taking a human life is murder and therefore is wrong.
2. With the current high rate of suicide in Queensland, we do not need to legislate to increase the amount of suicides.
3. Catholic Health Australia, UnitingCare, BaptistCare, Anglicare as well as other health care providers are opposed to this Bill.
4. The Australian Medical Association and the Nurses Professional Association of Queensland are opposed to this Bill and these are people who deal with real live people every day.
5. Elder abuse and 'Inheritance impatience' is real and there is no doubt that this would increase should this Bill become law.

Thank you for considering my comments.

Sincerely,
Floyd Risser

Sincerely,
Floyd Risser
