Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

To The Health Committee,

I oppose the Voluntary Assisted Dying bill. This Bill should be wiped and deleted out of government.

I don't want people who would have wrongfully accessed assisted suicide because of wrong diagnosis, wrong prognosis, coercion, elder abuse, untreated mental anguish, or because they had little or no access to palliative care specialists to make a bad and dangerous decision.

Stop this Bill immediately.

Don't publish my name.

Sincerely,

[REDACTED]

Sincerely,
