Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

It is a very dangerous Bill which would lead to extra deaths in Queensland every year.

Including people who would have wrongfully accessed assisted suicide because of wrong diagnosis, wrong prognosis, coercion, elder abuse, untreated mental anguish, or because they had little or no access to palliative care specialists and felt they had no other choice. There's also grave concerns, that like Victoria, there would be an increase in non-assisted suicide rates because of a suicide cognation effect that often accompanies euthanasia or assisted suicide being legalised.

Sincerely,
Ross Naddei
