**Subject:** I oppose the "Voluntary Assisted Dying" Bill

Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

Please reconsider this bill as an extremely harmful bill that will destroy not only the lives of those directly involved but affect the lives of everyone around them. This will place conscientious doctors in a difficult position whose aim should be to heal and not to harm and kill. I can't believe how low this nation is bringing itself as to consider such a bill.

Sincerely,  
Philomena A Morris
