**Subject:** I oppose the "Voluntary Assisted Dying" Bill

Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

In the medical profession we are trained to save life. If people are palliative, we have drugs to prescribe and doctors who are trained to keep people comfortable and with dignity.

I totally condemn this anti-life bill. There is no bed for it.

Yours sincerely,  
John Shapland

Sincerely,  
John Shapland
