Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

Please consider our view on the santasy of human life, and the majority of Christians. We are greatly offended by this Bill, and strongly advise you to not proceed with it, passing it will cause the destruction of human life value, and lead to lowering our living standards, and eventually repucations on society for this Evil.

Sincerely  
Kevin Kirby

Sincerely,  
Kevin Kirby
