Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

Dear members

Please, please take more time with this.

If i was sick and alone and suffering mental anguish because as we all know there is not enough palliative care facilities i would terrified someone would do me in just to release the bed block.

Why is it that we are not resourcing more facilities?

People can be made comfortable.

What are you thinking using clinicians with little life experience let alone medical experience or specialst experience in palliative care. Train more palliative specialists.

Dont you take an oath to preserve life?

Sincerely,

Bronwyn Vaughan
