Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

Enclosed is my submission outlining my arguments for opposing the Voluntary Assisted Dying Bill 2021. I trust it will be given due consideration.

"Voluntary Assisted Dying" is bad public policy for Queenslanders, replaces real health care with assisted suicide, and will result in many more deaths than planned. Palliative care funding in Queensland shows a huge deficit, and this is the least of the provisions that must be made.

Sincerely
Philippa Westerman

Sincerely,
