Re: We seriously oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

We are deeply concerned with this Bill which will lead to more un-assisted suicide in Queensland. How can we be trying to prevent suicide in some instances, whilst assisting it in other instances? It is completely hypocritical.

Also, there is no possible way that we can prevent people feeling pressured to choose euthanasia if it is legalised.

It baffles us that this legislation would make it lawful to help a relative to have themselves killed, but could see jail terms for trying to convince a relative to choose to keep living.

Please see the insanity of this bill and get rid of it immediately!

Michael and Laura Otto

Sincerely,
Laura Otto
