Re: I strongly oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

This proposed Voluntary Assisted Dying Bill 2021 does nothing but promote murder, suicide and death. We should be working towards extending people's lives, by providing other options for them such as counselling, extra care, palliative care and specialist consultation. I am appealing to you to consider with compassion and respect, all the elderly, sick and vulnerable people in our state of Queensland, and give them the care they need rather than wiping them off the planet.

Yours sincerely, one very concerned citizen. Please do not publish my name.

Sincerely,

[REDACTED]
