Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

I write to express my opposition to the passing of the proposed voluntary assisted dying Bill.

And it's not just me. Two bodies who know a lot about health and life and dying are The Australian Medical Association and The Nurses' Professional Association of Qld and both are opposed to euthanasia.

Passing this Bill would be like the thin edge of the wedge to more and more use of 'killing'.

A more humane way forward for those in real pain and distress is for the Government to address palliative care in a big way.

Please do not pass the Bill. Please address palliative care instead.

Thank you.

Sincerely,
Stephen Marshall
