Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

As an elderly person with a adult child who has a disability, I strongly oppose this bill as there are too many loop holes that can be abused and manipulated.

Instead of assisting dying we should have more funding to give good quality Palliative Care!

I do believe people who have a terminal illness would certainly want an easy escape but this is not the answer, support and loving care with good pain relief is far more humane! They are human beings with a soul not animals!

Sincerely
Elizabeth Havenaar
