Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

As an aged person I find life gets more difficult because of my own diminishing alertness and also the pace of change in technology and society. This leads to frustration with life. I will need increased support in the years ahead. Suggesting suicide is the last thing I want. Life is confusing enough. Please kill the pain not the patient.

Sincerely, Kevin Zagami

Sincerely,  
Kevin Zagami
