Subject: Submission to the VAD draft Bill

To Queensland Health and Environment Committee

I advise that I completely support the draft VAD Bill as it is.

Furthermore, I find it unconscionable to deny Doctors the ability to use electronic means to communicate with each other and their patients regarding VAD.

Any Queenslander, no matter where in the State they live, must have access to VAD.

This, of course, includes those persons who own their own home in a retirement village.

My name is Fiona Cayford, [REDACTED]

Thank you.
