I agree with the Voluntary Assisted Dying Bill as I have watched my dear Mother dying a slow death inch by inch for nine years ending up paralysed and blind. I can still hear her voice say Help me? Help me?. She was a great advocate for the Right to Choose Voluntary Euthanasia when they used to meet in the park during the 1980's. Also my Brother was and advocate for Voluntary Euthanasia and also died a slow death with Cancer and it took him a year to die. We should all have the right to choose when we need by whichever cause, to end our own lives and no longer suffer the indignity of lying and dying inch by inch. I suggest that Politicians go and look at all the Nursing Homes High Care Sections and see if they would like to end their days in an institution like that ,and some Family and Friends do not visit as it is absolutely Soul destroying to watch your loved ones suffer....in fact it is quite Criminal.
