

Submission into the Voluntary Assisted Dying Bill 2021

Submission No.: 1169
Submitted by: Grant Conlon
Publication: Making the submission and your name public
Position: I/We support the Voluntary Assisted Dying Bill
Comments in relation to: Other
Attachments: No attachment

Submitter Comments:

If, as is likely the case, I am dying slowly and painfully from a terminal disease, I would prefer to have the option of having professional assistance in ending my life at a time of my own choosing, rather than in an illicit, difficult, painful, dangerous or inconvenient manner, or to continue living by wasting medical resources for no good reason, and bringing undue suffering, grief and emotional distress to family, friends those around me.
