Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

Write your email here.

I strongly oppose this Bill on numerous grounds.

All life is sacred and it is not for us, as humans, to deliberately take the life of another or to assist them to take their own life.

We need to support people, who have a terminal illness and enable them to have access to good palliative care. We need to spend money on providing more palliative care services.

The message is that killing or assisting someone to kill them selves, must not be seen as an alternative to funding more palliative care services.

Sincerely,

Jennifer Loscher
