Re: I oppose the "Voluntary Assisted Dying" Bill

Dear Health Committee Members,

State sanctioned and State funded suicide under any label amounts to killing. It is unethical and is a terrifying principle and precedent. It can only lead to ongoing degeneration of the rights of the elderly and infirmed.

My fathers last few years were tough but through good paliative care we were able to share the strain with him and his grandchildren got to meet him, to hug him and to sing to him. Euthenasia would have put pressure on him and my mother and sibilings to deny those golden moments and memories.

Please reject the Vulgar and Deadly (VAD) "Voluntary Assisted Dying" Bill.

Sincerely,
Paul Webb
