

## Health and Environment Committee

---

**From:** Gary Flanigan [REDACTED]  
**Sent:** Tuesday, 29 June 2021 9:21 AM  
**To:** Health and Environment Committee  
**Subject:** Voluntary assisted dying proposed legislation

**Categories:** Submission

I fully support the voluntary assisted dying legislation before the Queensland parliament in its entirety including permitting medical practitioners to contact each other electronically, permitting residents of retirement villages who own their own homes to be able to carry it out in their home and making no mention of religion in the legislation.

Sincerely  
Gary Flanigan
