Re: How can this be allowed?

Dear Health and Environment Committee,

I'm writing to voice my serious concerns about the Voluntary Assisted Dying 2021 Bill.

A death certificate is a legal and historic record. Despite this, according to the Bill, death certificates must be falsified to say the person died from the underlying illness or disease – not from assisted suicide. Section 81(3) (3) The medical practitioner (b) must not include any reference to voluntary assisted dying in the cause of death certificate for the person.

How can this be allowed?

A further concern is that Section 146 makes it an offence to obtain information about anyone who accesses assisted suicide. How will the government keep track of how many people are ending their lives in this way?

These issues alone demonstrate that the Bill is unacceptable. I urge you to reject the Voluntary Assisted Dying 2021 Bill.

Sincerely,
