

Inquiry - Improving Queensland's Container Refund Scheme

Submission No: 62
Submitted by: Tony Martin

Submitter Comments:

Our local container refund centre at Bethania refuses to accept Yakult and Coles Probiotic drink containers when it is clearly printed on the container that a 10cents refund is available. They also refuse to accept various types of glass bottles, such as Olive oil bottles. In my opinion, the relevant Legislation should be amended so that all glass or plastic containers should be accepted.
