Subject: Surragacy laws in Queensland

Dear Committee members,

Whilst I do not pretend to understand all of the laws and arguements surrounding the desire to legalize surragacy, I can only voice my opposition to such a practise as it only leads to further confusion for children and the parents, both the natural and adoptive adults involved in this exercise. I would much rather see it made easier for the Orphans of war torn or poverty stricken countries to be adopted into Australia.

Regards

Paul Gratton
