Dear Madam,

I would like to respond to the investigation into "*Altruistic Surrogacy*".

It is my firm belief that the "*Surrogate Parenthood Act 1988*" should stand as is- surrogacy in any form should be illegal.

It is not in the best interests of any child to be born by a surrogate, nor is it in the interests of society as a whole, to make the manufactured misery that is surrogacy a legality which is permitted.

For the same reason I.V.F except for married couples must be made illegal. Gamete donation should also be made illegal.

Similarly adoption by homosexual or lesbian couples should be made illegal.

Thank you for this opportunity to respond to your enquiry.

Yours sincerely

*Eliana Freydel Miller*
