TO WHOM IT MAY CONCERN

Please consider this submission into the "Fly in, fly out and other long distance commuting work practices in regional Queensland" inquiry.

destroys small communities which the mines were built around, locals should always be given the opportunity

destroys families as they are away for periods, families need to be together, reason why locals should be given the opportunity of employment, keeps the family together as they are home every day/night

stop doing it and employ locals within the area

Regards

robert arthur
