Importance: Low

TO WHOM IT MAY CONCERN

Please consider this submission into the "Fly in, fly out and other long distance commuting work practices in regional Queensland" inquiry.

Away from family at long periods of time ,don't see kids grow up ,unstable family arrangements ect.

A lways tired when getting home ,if family problems arise ,only partner there to make dissisions,no shoulder to lean on ect

Be able to have a choise ,not be tied into having to live in Brisbane or Cairns to sucure a job at BMA ,when you already work at another BMA site with no problems.

Regards

ernie smyth
