TO WHOM IT MAY CONCERN

Please consider this submission into the "Fly in, fly out and other long distance commuting work practices in regional Queensland" inquiry.

Fly in fly out is good for mines out west as i have done twice 1990-92 and 94-95 and these mines were hard rock mines

If a mine is close to a town there is no need for the fifo as the towns grow the country grows and prospers

As i said above

Regards

Bryan Dowd
