TO WHOM IT MAY CONCERN

Please consider this submission into the "Fly in, fly out and other long distance commuting work practices in regional Queensland" inquiry.

I haven't done fifo, but commuted about 4 hrs, I wouldn't take a job if I had to commute more then 4hrs

Less family time, fatigue on the roads, unhealthy for the people away from home for a long period of time for work, and not employing local people, the mining companies should adapt a policy were any won that is more then 3 hrs away shouldn't get employed through there company

Employ local people within 3 hrs of there mine, or give more options for people to move in local towns near mines

Regards

Chad Stokes
