TO WHOM IT MAY CONCERN

Please consider this submission into the "Fly in, fly out and other long distance commuting work practices in regional Queensland" inquiry.

ruins marriages and causes unnecessary stress on family's and kids miss out on having both parents around and there's a lack of discipline on teenagers as dads not home to keep them in line

I've lost my job from the [REDACTED] that went on at work because of shuffling around to keep fly in fly out workers and the tensions of a down turn and find even harder to find another job as most position are only for the fly in fly out and the community and sports of these town are missing out I have a special needs child and our available helps is disappearing with the jobs that are now fly in fly

should go back to the locals of the mining towns of Queensland

Regards

adam hansen
