TO WHOM IT MAY CONCERN

Please consider this submission into the "Fly in, fly out and other long distance commuting work practices in regional Queensland" inquiry.

None. But if a multi national company came into town put up a fence and said to me as a local or my kids you can't work here , I think that is a national disgrace!

That locals don't get a look in when it comes to a job! Absolute joke!!!

Locals are used first or the job doesn't get a start!!!!
