TO WHOM IT MAY CONCERN

Please consider this submission into the "Fly in, fly out and other long distance commuting work practices in regional Queensland" inquiry.

It is harder on my family then myself

Just the mental health with companies havin full control over u in camp and at work and missing my family not seeing my kids grow up as much as I'd like to

U should not be told where to live it should be my coice to live local if I chose or fly in or out
