TO WHOM IT MAY CONCERN

Please consider this submission into the "Fly in, fly out and other long distance commuting work practices in regional Queensland" inquiry.

3 years drive on drive out staying in camps working 7 on and 7 off. I now also hire manage 53 personel that I have a even split of DIDO and local workers.

DIDO employees are always depressed and whinge. Their attitude is one on Greed and expecting more. Driven salaries and conditions up beyond realism. They also don't care at all for local areas and are driving drug and alcohol use. The endanger road uses by not recognising fatigue management. They also have commitment to their work mates and act unsafe as with risk.

Have a cap per mine site. Eg 30%. This will get
