To the committee members

Firstly many thanks to the Katter Australian Party for taking the time and effort in presenting this bill to the Government.

I am fully supporting this bill and it should be dealt with as a matter of urgency.

People who are doing the right thing should not be penalised and those who are operating illegally should be dealt with.

I believe the government has a responsibility to the people who are following the rules and paying their way in fees and taxes.

Thanking you in advance and hopefully you will pass this bill and allow us to continue running small business with confidence and that our investments are secure.
