Subject: Transport Legislation (Taxi Service) Amended Bill 2015
Date: Monday, 5 October 2015 10:05:59 PM

Dear Members

We support the bill and need to get united to stop illegal taxi operation

We have a regulated taxi operation system in place which is now serving the community. Uber is operating taxi service without paying any Licence fee, no operator fee, no authorised driver checks, no vehicle inspection, no insurance plus more and hence there is no protection for customers. This illegal operation must be stopped for future of our country and taxi industry. Cab drivers are finding it very hard to make a living with the current situation.

If Uber continues all the cabs will be driven to the ground so there will not be a reliable taxi service to serve the needy. Currently we serve young, old, disabled and all in our community whereas Uber only chooses to take the cream and takes good jobs

Cabbies are obeying the law and expect everyone to abide by the rule of the land. Please get rid of illegal ride share organisation to ensure viable taxi service in to the future otherwise illegal operation will kill to current taxi

industry and there will be no taxi service. Operators and drivers are all paying their fair share of fees and taxes whereas Uber is taking profits out of country. Once again please get rid of this illegal service and support our local industry

Thanks'

Vinod Chandra
