Hi

I was a flower farmer for last 15 before I was forced to sell my 10 acre farm because of competition from overseas. I do not have any other skill apart from farming. I invested most my money in buying a couple of taxis to take care of my family. The competition from illegal taxis is giving us unfair competition. This illegal taxi service should be stopped as soon as possible.

This is affecting our family income in a serious way. We support this bill to stop this illegal taxi service.
