Hello my name is Dylan Kay and I'm a 21 year old university student living in [REDACTED]  
I think it is ridiculous to even consider punishing people for using ride sharing apps. Technology should not be squashed for the purpose of keeping old over priced industries a float.  
There is a reason people are taking advantage of this app. Taxis are far out dated. They are over priced, dirty, uninviting and the drivers are often rude.  
Where were these laws when all the video store we're going out of date?  
We don't want a nanny state. I find it embarrassing that we are even having this debate.
