I oppose the Bill. I believe that Uber provides a service which the taxi service doesn't. The taxis are too expensive, not available, non English speaking, drivers are rude, not familiar with the locale. Uber is of the new age. If a person wants to use it they should have the freedom to do so. I feel SAFER. Drivers are monitored and assessed via the social network. I feel safer using Uber. Society (worldwide) has decided it wants this service - it is not up to government to try and stifle a NEW industry. Uber drivers earn and spend so GOVT gets its GST!
