To whom It May Concern,

I

have a few questions about Uber's ability to operate in the the state of Queensland.

My

family's 35 years of building their self funded retirement is now under threat.

Could you please answer my concerns on your assumption of a fair playing field.

1.

Will they pay all licence fees, maintain all appropriate insurances .

2.

Are they prepared to provide Taxi service in it's full context, or just the nice clean and easy situations.

3.

Will airports and other controlled taxi service points also suffer loss of income

due to unmarked transfer vehicles using their facilities.

4. Do

you really think that ubers employment of our returning veterans is such a wonderful thing or just move to pull at the heart strings of a thankful nation.

I look forward to your reply

Peter and Roslyn Wilson.
