I write in support of the Transport Legislation (Taxi Services) Amendment Bill 2015.

I am an owner of a Maxi taxi. I recently bought it a couple of years back. I paid \$2,80,000 for the plate. I have put my house & my parents house as mortgage (guarantor) to buy this expensive taxi plate.

I have young family who is totally ~~suspensive~~ ^{dependent} on my income. Uber is affecting my income seriously. I have lost heaps of work since Uber arrived here and today everyday.

My taxi and taxi industry follow rules & regulations which are implied by transport department.

We are paying huge amount of money to transport while following these regulations.

Since Uber is here the value of license has already dropped (more than 50%). This supposed to be my

Superannuation. Its not just me there are heaps of taxi drivers, owners losing their money in this business.

I request you to stop this illegal app from operating. If this doesnt stop my future, my childrens future will be destroyed.

I will lose my taxi license (loan), my house & my father's in laws house.

Please listen to me. I hope we live in a smart country called AUSTRALIA not in a dumb place where anybody can come and conquer.

Hope you understanding where I am coming from.

Thanks

Amit Tanwar
