Submission No. 281

Respected Sir/Madam,

I am writing this in support of the transport legislation Amendment Bill (Taxi Services) 2015.

I drive maxi taxi. I bought it with my brother as a partner couple of years ago.

We have put all our savings, house on stake to get a loan. The value of license has gone down more than 50%.

We are paying to transport for taxi operation in safest and regulatory way.

Uber is not paying single penny, ^{Uber is} not contributing to our economy. Its taking our money away.

This is only job I have & I love it. I will lose my job and business, house everything if Uber is allowed in our state.

Oversbrid is called 'Smart state', Please show some smartness.

Its not that difficult to see Uber is not operating according to rules & regulations.

Recently, Uber requested to sign drivers a form where it explains for 'no liability' if anything ^{wrong} happens in 'fake taxi' service.

why are you putting people's life at risk
Its not far when something will go really bad.

Anyone can drive Uber cab. Even if some criminal. All you have to do is login and give this phone to some criminal.

I am pretty sure you know more than this about Uber.

I am writing this mainly to state that please don't let us starve and get destroyed when you can fix this problem easily.

Please understand, Uber's gonna take away people's livelihood and its already doing it.
Please stop this. Please Please Please.

Thanks
Safish Tewar
