To the Department of transport.

If you allow an illegal American company to operate, not only will you be part of a criminal act, you will also be responsible for their, the illegal American company's actions.

I have been a cabbie for over 50 years, and I have always abided by the rules and regulations, imposed by you. I have worked very hard to achieve a decent position for my retirement, and you are going to take it away by not enforcing the rules and regulations that are in existence

I have one thing to say, and that is that if something really bad happens, it will be on your concious.

Thank you for allowing me the opportunity to comment on this issue,
